

Identify the country's flag and write the country name in the box next to it. Can you add in the country's abbreviation, too? Then watch the Olympic Games and put a mark in the appropriate box when the teams win medals.

| <b>FLAG</b>   | <b>COUNTRY</b>           | <b>CODE</b> | <b>GOLD</b> | <b>SILVER</b> | <b>BRONZE</b> |
|---|--------------------------|-------------|-------------|---------------|---------------|
|    | United States of America | USA         |             |               |               |
|    |                          |             |             |               |               |
|    |                          |             |             |               |               |
|   |                          |             |             |               |               |
|  |                          |             |             |               |               |
|  |                          |             |             |               |               |
|  |                          |             |             |               |               |
|  |                          |             |             |               |               |
|  |                          |             |             |               |               |
|  |                          |             |             |               |               |
